

Christmas Celebration at Development of Education and Environment Trust - DEET!

What a heartwarming celebration we had at our office as we came together to embrace the spirit of Christmas! Our sponsored children and their families filled the air with joy and festive cheer.

The highlight of the celebration was the spectacular dance performances by our talented children. Their dedication shone through as they showcased the choreographies they had been practicing diligently over the past month under the guidance of our devoted study centre teachers. Each performance brought smiles and applause from the proud families in attendance.

The celebration continued with the traditional cake-cutting ceremony, marking the sweet moments of togetherness. In keeping with the spirit of giving, every child received special gifts of new clothes and bedsheets, bringing extra sparkle to their eyes.

It was truly magical to see our Trust family come together, creating precious memories and strengthening the bonds within our community. These moments remind us of the pure joy that comes from nurturing and supporting our children's growth and happiness.

Thank you to everyone who made this celebration possible, especially the board members of SCSI, Volunteers team, sponsor parents and our teachers and staff. We wish all a happy and prosperous New Year 2025  

With thanks and regards,

Prema and Antoni,

DEET.
