

# 40 Years of Supporting Neglected and Discriminated Children

**Dear Sponsors and Donors,**

**For the last 40 years, you have trusted and walked with us in supporting thousands of neglected and discriminated children. You have not entrusted us with money alone, but also with your visits, through which you spread smiles among our children. The nobleness of your good example and your generosity in contribution have inspired us deeply.**

**Above all else, you have stood with us to make it possible for our children to dream big and to achieve their unique aspirations.**

**May you and your family be blessed with every possible blessing, and we wish you all the best.**
